

Eurol Special 10W-30

Mineral motor oil for gasoline, LPG and diesel engines

Article number E100060 Version 2.2

Product information

Eurol Special Multigrades are engine oils formulated with shear-stable viscosity improvers that prevent the viscosity from decreasing too much over time. This ensures a strong lubricating film, even at high temperatures and speeds.

Eurol Special Multigrades contain detergent and dispersant additives that keep the oil and the engine clean, even in the most critical areas. Corrosion and sludge are minimized, while anti-wear additives, together with high-quality base oils, provide maximum protection for heavily loaded parts.

Eurol Special Multigrades have a long lifespan and ensure low oil consumption. This oil can be used in all gasoline and LPG engines as well as in light diesel engines without a turbo.

Eurol Special Multigrades are especially suitable for older cars

and as break-in oil.

Physical properties

| Property/Test | Value/Result | ASTM Standard |
|-------------------------------|--------------|---------------|
| Color | brown | |
| Density at 20°C | 0.8520 kg/l | ASTM D 4052 |
| Viscosity, kinematic at 40°C | 70 cSt | ASTM D 445 |
| Viscosity, kinematic at 100°C | 10 cSt | ASTM D 445 |
| Viscosity Index | 149 | ASTM D 2270 |
| Viscosity, dynamic (CCS) | 3,619 cP | ASTM D 5293 |
| Flash Point | 218 °C | ASTM D 92 |
| Sulfated Ash | 1.2 wt% | ASTM D 874 |
| Pour point | -36 °C | ASTM D 97 |

Performance level

- API SF/CD

Recommended for use

- MIL-L-2104D
- MIL-L-46152C
