

Passenger car engine oils - mid SAPS

Eurol Ultrance ST 0W-20

Fuel economy, fully synthetic engine oil for diesel and petrol engines

Description

Eurol Ultrance ST 0W-20 is tailor-made for engines in Peugeot, Opel/Vauxhall, and Citroen, aligning with the PSA B71 2010 recommendation. It's also compatible with engines that demand ACEA C5 performance.

This engine oil is a low viscosity oil, enhancing fuel efficiency while ensuring robust wear protection, even during prolonged usage at elevated temperatures. It's versatile, catering to both petrol (including (T)GDI) and diesel engines, as well as those running on alternative fuels like LPG, CNG, biodiesel (B10), ethanol (E85), and even hybrid engines.

Its cleaning properties prevent deposits in the engine and turbo throughout its lifespan.

Eurol Ultrance ST 0W-20 is characterized by its shear stability, minimal evaporation, and excellent cold-start performance. It's an ideal choice for numerous Stellantis vehicles meeting Euro 6 standards and CO2 limitations.

For further guidance, refer to the manual or seek oil recommendations on our product advisor at www.eurol.com.

Performance level

- ACEA C5
- PSA B71 2010

Recommended for use

- Fiat 9.55535-DM1

Physical properties

Colour	amber	
Density at 20°C	0.84 kg/l	ASTM D 4052
Viscosity, kinematic at 40°C	42.8 cSt	ASTM D 445
Viscosity, kinematic at 100°C	8.3 cSt	ASTM D 445
Viscosity Index	170	ASTM D 2270
Flash point	232 °C	ASTM D 93
Pour point	-48 °C	ASTM D 97

Article number E100182
Version 1.0, 15-12-2023
