PRODUCT DATA SHEET

Eurol Ultrance HMB 0W-40

Fully synthetic fuel-saving longlife engine oil

Article number E100198 Version 1.0 14/04/2025

Product information

Eurol Ultrance HMB 0W-40 is a fully synthetic engine oil, specially developed for modern gasoline engines, LPG engines, and diesel engines in passenger cars and light commercial vehicles. This engine oil meets the requirements of the MB 229.52 specification and is ideally suited for hybrid Mercedes-Benz vehicles.

This engine oil ensures a rapid formation of a stable lubricating film during cold starts and provides excellent protection at high operating temperatures. Thanks to the high oxidation stability and wear protection, both the engine and the engine oil remain clean, even with extended oil change intervals of up to 30,000 km.

Eurol Ultrance HMB 0W-40 also has fuel-saving properties and is compatible with both synthetic and mineral engine oils. However, mixing with other engine oils may reduce optimal performance.

For further information, consult the manual or search for oil recommendations on our product advisor at www.eurol.com.

Approved

- MB-Approval 229.52

Performance level

- ACEA C3
- API SP
- GM dexos 2
- Porsche C40
- Renault RN0700
- Renault RN0710
- VW 511 00

Recommended for use

- Chrysler MS 10725
- Chrysler MS-12633
- Fiat 9.55535-S2

Physical properties

Characteristic	Value/Result	ASTM Standard
Color	brown	
Density at 20°C	0.84 kg/l	ASTM D 4052
Viscosity, kinematic at 40°C	70.1 cSt	ASTM D 445
Viscosity, kinematic at 100°C	13.3 cSt	ASTM D 445
Viscosity Index	196	ASTM D 2270
Flash Point	230 °C	ASTM D 92
Pour point	-45 °C	ASTM D 97
