Eurol Altrack 10W-30 STOU

Universal, mineral tractor oil for engine and transmission

Article number E105075 Version 4.0 25/12/2025

Product information

Eurol Altrack 10W-30 STOU is a universal multigrade tractor oil (Super Tractor Oil Universal) developed for use in the engine, transmission, and hydraulic system. It ensures a perfect cold start, reduces friction, and keeps the engine clean.

Eurol Altrack 10W-30 STOU is suitable for tractors with oil-immersed disc brakes, known as 'wet brakes,' and can be used year-round. This prevents mistakes and saves storage space.

Eurol Altrack 10W-30 STOU offers an optimal refresh interval, making it economical in use and maintenance. It poses no issues when exchanging hydraulic implements.

Eurol Altrack 10W-30 STOU provides excellent protection against oxidation, corrosion, and wear, even under extremely high loads as encountered in transmissions. Detergent and dispersant additives keep the oil and system free from excessive and unwanted contaminants.
