

# Eurol ATF 4100

**Automatic transmission fluid, especially for Chrysler**

Article number E113655 Version 1.4 13/04/2026

## Product information

Eurol ATF 4100 is a fully synthetic automatic transmission fluid and is particularly recommended for the automatic transmissions of Chrysler. Additionally, it is suitable for power steering and hydraulic systems where excellent low-temperature fluidity is required.

Eurol 4100 has a high and very stable viscosity index and offers great resistance to mechanical breakdown, corrosion, and foaming. Moreover, it has good anti-oxidation and anti-wear properties.

Eurol ATF 4100 has an extremely low pour point, ensuring smooth shifting after a cold start. This ATF fluid does not affect sealing materials and prevents deposits on transmission parts at high temperatures.

Eurol ATF 4100 meets the ATF+4 (MS-9602) service fill specification and replaces ATF+3 (MS-7176).

Eurol ATF 4100 is particularly recommended for topping up or refilling after repair or overhaul of automatic transmissions of Chrysler group vehicles where ATF+4 and ATF+3 are specified.

### Performance level

- Mopar ATF +2 (MS 7176D)
- Mopar ATF +3 (MS 7176E)
- Mopar ATF +4 (MS-9602)
- Mopar ATF+ (MS 7176)

### Recommended for use

- MS-9602

## Physical properties

Characteristic	Value/Result	ASTM Standard
Color	red	
Density at 20°C	0.84 kg/l	ASTM D 4052
Viscosity, kinematic at 40 °C	35.5 cSt	ASTM D 445
Viscosity, kinematic at 100 °C	7.4 cSt	ASTM D 445
Viscosity index	181	ASTM D 2270
Flash point	210 °C	ASTM D 92
Pour point	-48 °C	ASTM D 97
