Eurol Compressor Oil 150

Ashless mineral compressor oil

Article number E118856 Version 1.4 30/07/2025

Produktinformationen

Eurol Compressor Oil 150 is an ashless mineral compressor oil with anti-wear properties that minimize wear.

Eurol Compressor Oil 150 provides reliable compressor operation under all conditions due to its low pour point, anti-wear properties, and excellent oxidation stability. Water is quickly separated and does not block the filters.

Eurol Compressor Oil 150 offers excellent protection against corrosion for the compressor. Additionally, it has high resistance to foaming and is non-aggressive to sealing materials.

Eurol Compressor Oil 150 delivers clean performance, prevents carbon buildup, and exhibits low friction properties. This thermally stable oil has a maximum exhaust temperature of 220°C.

Eurol Compressor Oil 150 can also be used as an ashless hydraulic oil with performance level DIN 51524 part 2.

Eurol Compressor Oil 150 has excellent results in oxidation tests (Pneurop, TOST) as well as in wear tests (4-ball, FZG) and can be used in severe conditions.

Eurol Compressor Oil 150 can be used in mobile and stationary compressors (centrifugal, piston, screw, vane).
