

Technical fluids - Rust preventives

Eurol UBC Black Overpaintable

Dries rapidly, is applied with a screwed-on spray gun

Description

Eurol UBC Black Overpaintable offers durable protection against rust for cars, caravans, storage tanks, and boilers. Moreover, it not only protects metals against chippings, but also against corrosion and climatic influences.

Eurol UBC Black Overpaintable has a balanced structure and contains special solvents, enabling a rapid covering with all kinds of lacquer systems.

Eurol UBC Black Overpaintable stays elastic at both high and low temperatures. It is soundproof (anti-rumble properties) and fast drying. It is applied with a screwed-on spray gun (no thicker than 1-3 mm).

ATTENTION:

When using 2K lacquers, it is recommended to start with a thin layer of primer. After drying, the lacquer can be applied.

Physical properties

Colour	Black
Flash point	-1 °C ASTM D 93

Article number E201140
Version 1.0, 25-03-2016
