

Cleaning

Eurol Josol Cleaner

Highly alkaline industrial detergent

Description

Eurol Josol Cleaner is an alkaline, highly concentrated industrial detergent, with an extremely strong cleaning capability. Particularly suitable for removing vegetable and animal pollution, as well as slight oxidation products.

Eurol Josol Cleaner is widely used in garages, motor shops, canning plants, butcher shops etc. It cleans floors, benches, cold stores, swimming pools, cargo holds, engine rooms, cattle trucks, tank trucks, buses etc.. Extremely suitable for use in high-pressure cleaners and cleaning machines.

Eurol Josol Cleaner is non-flammable. It will not affect rubber, metals and plastics. Mixing ratio: 1:50 up to 1:25 (depending on the degree of pollution)

Eurol Josol Cleaner is formulated from anionogenic - and non-anionogenic soaps and emulsifiers. The product has a low phosphate content and only biodegradable components. The concentrated product may give-off a slight ammonia smell.

Biodegradable

Store above 0°C. Rinse with water

Physical properties
