Eurol Penetrating Oil Spray 400ML

Universal penetrating oil

Article number E701300 Version 2.0 04/08/2025

Product information

Eurol Penetrating Oil Spray loosens rusted parts, thanks to its creeping properties. It contains molybdenum disulfide for lubrication. Additionally, it contains active inhibitors to prevent corrosion.

Use only outdoors or in a well-ventilated area. In case of contact with eyes, rinse immediately with plenty of water. Highly flammable.

Eurol Penetrating Oil Spray has a shelf life of 3 years when stored in a cool and dry place with a minimum temperature of +5°C and a maximum of +25°C.

Product benefits

- Is a high-quality, effective tool for loosening rusted parts.
- In addition to good penetrating action, it also has corrosion-inhibiting properties.
- Contains graphite and molybdenum disulfide (MoS2) which provides long-lasting lubrication.

Application

- Hinges and locks
- Screw connections
- Gears
- Fastening materials (such as screws, bolts, and nuts)
- Tools

Instructions for use

- Shake the can well before each use, for at least 10 seconds.
- Spray from a distance of approximately 20-25 cm onto the object to be treated.
- Apply in the desired amount.
- Allow the product to work for 5 to 10 minutes during use.
