Eurol Vaseline Protect Spray 400ML

Acid-free vaseline spray

Description

Eurol Vaseline Spray is effective lubricant for loosening of rusted parts.

Eurol Vaseline Spray can be used for electrical equipment like control panels, audio equipment, battery terminals and electrical contacts.

Eurol Vaseline Spray has a excellent adhesive properties which provides a long-term protection against corrosion and weathering.

Eurol Vaseline Spray forms a thin, acid-free, protective film to prevent the formation of rust on battery-clips, spokes, locks, plugs and screwconnections and protects door seals from freezing.

Eurol Vaseline Spray must be shaken well before use. Spray at approx. 20 cm from the object. Apply the desired quantity.

Use Eurol Vaseline Spray only in well ventilated areas. In case of eye contact immediately rinse eyes with plenty of water. Flammable substance.

Eurol Vaseline Spray has a shelf life of 3 years in an unopened container in a cool and dry place with a temperature range between +5°C and +25°C.
