

# Eurol BlueStar Grease EP 2

Especially for wheel bearings and wheel hubs of trailers and caravans

Article number E901304 Version 1.4

## Product information

Eurol BlueStar Grease EP 2 is developed to meet the ever-advancing technological progress with the associated requirements in both the transport sector and the industrial sector for applications such as bearings and chassis components.

Eurol BlueStar Grease EP 2 is used in ball, roller, wheel, and plain bearings that must operate under heavy (shock) loads or vibrations at both high and low temperatures, while maintaining its consistency.

Eurol BlueStar Grease EP 2 has very good temperature stability and good adhesion properties. It has proven itself in practice as an excellent lubricating grease in wheel bearings and hubs of trailers and caravans.

Eurol BlueStar Grease EP 2 is also characterized by its good corrosion-resistant properties (even in the presence of water), its excellent wear protection, and resistance to being washed away by water, resulting in a very long lifespan. The grease is easily pumpable over a wide temperature range and offers excellent oxidation protection. Chemical reactions with seals do not occur.

## Physical properties

Property/Test	Value/Result	ASTM Standard
Color	Blue	
Viscosity base oil	220 cSt	ASTM D 445
Drop point	260.0 °C	IP 396
Base oil type	Mineral	
Thickener type	Lithium Complex	
NLGI consistency	2	

## Performance level

- DIN KP2N-30
- ISO-L-XCDHB 2
- NLGI GC-LB
