

Eurol Swift Clean 400

Very powerful cleaner and descaler

Beschreibung

Eurol Swift Clean 400 is a very powerful, highly concentrated, water dilutable acid cleaner for removing pollutants like calc and rust from machinery, plumbing, tiles and hard surfaces. Suitable for industrial use, as well as heavy machinery, hospitals, swimming pools and wellness; anywhere where rust, urine, limescale, soap residue, cement and other construction remains are a problem. Suitable for cleaning floors, sanitary ware, boilers, tiles, glass, stone, concrete, plastics, iron, steel and stainless steel.

Recommended dilution in water:

Fly rust 1:1 up to 1:3

Urine scale 1:3 up to 1:5

Steel surfaces 1:1 up to 1:10

Concrete / cement veil 1:5 up to 1:20

Oven cleaning 1:10 up to 1:20

Floor and wall tiles 1:10 up to 1:100

Gebrauchsanweisung

Remove as much pollution as possible with a cloth, spatula, rag or brush.

Dilute the cleaner according to the mixing ratio. Allow to soak and rinse with ample water.

Never mix with different cleaners.

Not suited for cleaning marble, limestone and galvanised parts such as gutters.

First test on an inconspicuous surface. Never allow the cleaner to dry.

After removing rust, rinse with ample water and treat the surface with rust-repellent Eurol Lube PL Spray.

Eurol Swift Clean 400 hat folgende Eigenschaften

Very effective cleaning capability

Biodegradable

Packaging is recyclable HDPE

Removes heavy pollution

Highly dilutable, costeffective

Removes rust and calcareous deposits
