

## Eurol E-HD Grease HY-2/104-S BIO

Exceptional efficiency, unmatched protection

### Beschreibung

Fully synthetic lubricant grease based on Eurol Syngis technology, specifically developed for electrified heavy duty applications. This additive technology ensures exceptional energy efficiency and unmatched protection against wear in the most severe conditions. Eurol E-HD Grease HY-2/104-S BIO is readily biodegradable and therefore applicable for open lubrication points in environmentally sensitive areas.

Eurol E Heavy Duty Grease HY-2/104-S BIO resists water washout, is very easily pumpable over a wide temperature range and offers extreme wear protection. Eurol E Heavy Duty Grease HY-2/104-S BIO is recommended for use in open and closed lubrication points like bearings, slewing rings and hinges.

### Gebrauchsanweisung

Before applying the grease, clean the parts thoroughly

### Eurol E-HD Grease HY-2/104-S BIO hat folgende Eigenschaften

- Unmatched energy efficiency
- Exceptional wear protection
- Extremely low friction
- Very long product lifetime
- Extends system lifetime
- Extends battery cycle for electrified equipment

### Physikalische Eigenschaften

Farbe	Beige		
NLGI Konsistenzklasse	2		ASTM D 217
Grundöl Viskosität	150	cSt	ASTM D 445
Base oil type	Synthetic		
Temperaturbereich	-30 – 140	°C
