Eurol Lube 460-S FD

Synthetic lubricant reinforced with Syngis

Article number S003304 Version 1.0 06/10/2026

Product information

Eurol Lube 460-S FD is a fully synthetic oil suitable for, among others, gearboxes and chains. Developed with Syngis Technology, internal friction is significantly reduced, resulting in lower operating temperatures, improved energy efficiency, and extended lifespan of chains and gearboxes. Eurol Lube 460-S FD is also approved as a lubricant for the food industry, NSF H1.

Product benefits

- NSF H1
- Reinforced with Syngis Technology
- Excellent protection against wear
- Excellent protection against corrosion
- Very good water separation
- High viscosity index and stable against shear forces
- Oxidation and thermally stable
- Low friction coefficient leading to reduced energy consumption
- Long service intervals
- Economical in use

Application

- Gearboxes
- Automatic lubrication systems
- Chains and cables

Instructions for use

- Remove the old oil from the system and flush thoroughly

Physical properties

Characteristic	Value/Result	ASTM Standard
Color	Yellow	
Flash point	200 °C	ASTM D 92
