

Eurol Grease CS-0/101

High performance lubrication grease

Description

Eurol Grease CS-0 / 101 with Eurol SYNGIS Technology is a high performance semi fluid (NLGI 0) lubricating grease developed for extreme situations in e.g. the paper, cement and steel industry and for heavy equipment in offshore and shipping

Instructions for use

Clean the system thoroughly with Eurol Swift Clean 110 Spray
Suitable for automatic lubrication systems

Eurol Grease CS-0 / 101 is suitable for lubrication of:

- Open and closed bearings
- Cables and chains
- Open gears
- Autoclaves
- Steam valves
- Agricultural and fishing equipment
- Equipment working in extreme environments like (salt) water and high temperatures

Eurol Grease CS-0/101 has the following characteristics

Excellent anti wear and EP properties
Extreme protection against corrosion
Shear stable
Excellent water resistancy
Resistant to shock loads
Oxidation stable
Less oil bleeding, so very suitable for automatic lubrication systems
Economical in use

Physical properties

Colour	light brown	
NLGI consistency	0	ASTM D 217
Thickener type	Calcium Sulfonate	
Base oil viscosity	320	cSt
Operating temperature	-25 – 150	°C
		ASTM D 445
