# **Eurol Specialty Racing 75W-140**

High performance transmission oil for racing applications

### Description

Eurol Specialty Racing 75W-140 is a fully synthetic racing transmission oil based on Eurol SYNGIS Technology. This additive technology ensures high power output and unmatched protection against wear in the most extreme conditions.

Developed for competition use. It has been approved for use in gearboxes and differentials, with or without limitedslip capability. Recommended for use in sequential gearboxes with dog clutches.

- Eurol Specialty Racing 75W-140 has won awards in:
- WTCR with Comtoyou Racing
- Dakar Rally with Toyota GAZOO Racing and Overdrive Racing

#### Instructions for use

Flush the transmission or differential using Eurol Additive-S Flush in the old gear oil. Drain the old oil and change the filter if present. Note: Eurol Specialty Racing 75W-140 is not recommended for street use. In case of any applicationrelated questions, please visit www.eurol.com/racing

## Eurol Specialty Racing 75W-140 has the following characteristics

Extreme wear protection, exceptional protection against pitting

Up to 80% wear reduction, compared with other racing gear oils

Outstanding detergency, excellent gearbox cleanliness

Virtually no viscosity loss during use, extending gearbox

life

Outstanding protection of dog clutches, ensuring transmission stays in gear

#### Physical properties

Colour	red		
Density at 20°C	0.884	kg/l	ASTM D 1298
Viscosity, kinematic at 40°C	246.4	cSt	ASTM D 445
Viscosity, kinematic at 100°C	31.1	cSt	ASTM D 445
Viscosity Index	168		ASTM D 2270
Flash point	180	°C	ASTM D 93
Pour point	-42	°C	ASTM D 97

This document is intended to inform you about product properties and possible applications of Eurol products. Because of continuous product research and development, the information in this document can be changed at all times, without foregoing notice. The analytical data in this product data sheet are typical values. Small deviations, which may occur during the normal manufacturing process of the product, will not affect the quality of the product. Although this information sheet is compiled with great care, Eurol accepts no liability for damage resulting from incompleteness and/or inaccuracies in the text. We recommend that you always follow the manufacturers instructions.
